

Final design 2

An orthographic projection of your products and nets drawn to scale, drawn to BSI standards and include a cutting list. (Use Corel Draw, Pro-desktop or draw by hand). On this sheet you should consider:

- **Drawn to BSI standards.**
- **Scale orthographic projection of your products.**
- **Include all measurements and scale options.**
- **Label views.**
- **Use CorelDraw or Pro-desktop to gain ICT marks.**
- **Include a cutting list of all your materials that you will need.**
- **Can someone else make this from your drawings?**
